Total Wellbeing Assessment

What is the Total Wellbeing Assessment?

The easy-to-use Total Wellbeing Assessment helps you understand your strengths and improvement opportunities in all 4 pillars of wellbeing. The 4 pillars are mental, physical, social and financial

How does it work?

1. **Understand your current state of health across all 4 pillars** with quick health assessment questionnaires that take only a couple of minutes to complete each. Get immediate feedback on your level of risk and see “What you are doing well”, “Areas for improvement” and “Suggested resources”.
2. **Improve your health with personalized wellbeing content**, tips and snackable content based on the results of your assessment - whether you’re thinking about setting new health goals like quitting smoking, improving your diet, or wanting to incorporate more physical activity in your daily routine.

3. **View your total health score.** After completing the questionnaires, you are given a total health score between 0 and 100. The higher the score, the more optimal your current health.
4. **Make improvements** based on personalized wellbeing content and re-take assessments at any time for an updated score.

Total Wellbeing Assessment (Continued)

How to access Total Wellbeing Assessment:

- Web app: Log in to the platform, click “Wellbeing” in the top-line menu and select “Assessments.”
- By mobile app: Log in to the app, tap “Wellbeing” from the bottom menu, then “Assessments.”

You may have the option to create a personal user account when accessing the Total Wellbeing Assessment. Personal user accounts must be created in the web app.

A personal account allows you to save your results and complete the assessments in multiple sessions, but you are not required to create one. If you are not asked to create a personal account then your results and progress will automatically be saved.

NOTE: Health Assessments are for adults between the ages of 18 and 65. The questionnaires are intended for educational purposes only and should not be used as a substitute for professional medical advice, diagnosis, treatment, or care.
